Scenes and Persons in the Current News

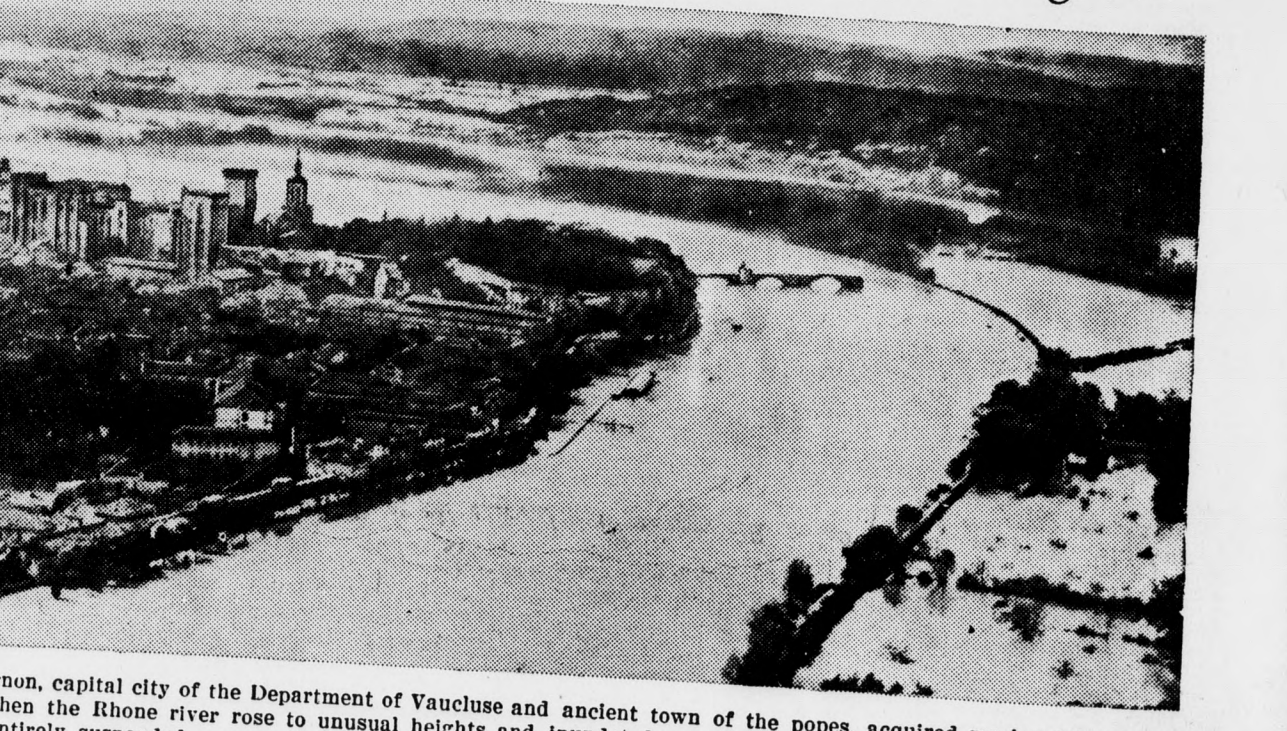

1—President Roosevelt addressing 100,000 Georgians at the stadium of Georgia Institute of Technology in Atlanta. 2—Director of the Budget Daniel B. Stuyvesant budget estimates in his office in Washington. 3—Chancellor Kyan, Ujjal, minister from Persia, leaving the State Department after lodging formal protest against his arrest by Marz.

Site for the Seminole Storage Dam

Looking into the canyon of the North Platte river in Wyoming, where the site for the Seminole storage dam, the main link in the Custer-Alcova reclamation project is located. Planned to stand 200 feet tall, the dam will be the "Boulder" approximate upstream toe of the dam.

Waters of the River Rhone Inundate Avignon

Avignon, capital city of the Department of Vaucluse and ancient town of the popes, acquired marine highways recently when the Rhone river rose to unusual heights and inundated most of the region. Motor and train traffic was almost entirely suspended.

Says "Bad Bug's Blood" With Greatest of Ease

Alto Herrilla has been proclaimed by the American Academy of Arts and Letters as the "Bad Bug's Blood" with the greatest of ease.
